

LATEX BASED COLORANTS

CONCENTRATED LATEX COLORANTS

Description: A very concentrated latex pigment for internally coloring latex polymers like mask latex.

PRODUCT FEATURES

Just a few ounces of this pigment will add vibrant color to a 5 gallon bucket. Very useful when your character has a predominant color. Allows over paint to cover the mask better and cuts down on paint and paint time. This product will also tint our Perma-Wet gloss coating. Please note that this product must be used with a binder such as latex or acrylic and cannot be used straight as paint medium. Produces very intense color if needed. Available in Red, Yellow, Blue, Black, White, and Flesh.

The safety data sheet (SDS) for this or any Monster Makers product should be read before using and is available on request. All Monster Makers products are safe to use if directions are read and followed carefully. **Keep Out of Reach of Children.**
