

PROTAC CREAM

Acrylic Emulsion Adhesive

Description: Protac Cream Adhesive is Monster Makers exclusive high solids paste version of our Protac Adhesive. Protac Cream can be used to adhere many types of prosthetic appliances such as latex, foam latex and gelatin prosthetics. Creates a strong adhesion to skin so appliances will stay on for many hours. One of the most popular makeup adhesives on the market. Use our Isopropyl Myristate for removal. Works beautifully for the Prosthetic Transfer Technique. Pro**T**(ransfer)**A**(dhesive)**C**(ompound).

The safety data sheet (SDS) for this or any Monster Makers product should be read before using and is available on request. All Monster Makers products are safe to use if directions are read and followed carefully. **Keep Out of Reach of Children.**
